

CAPRI PALACE

Jumeirah™

## Intrinsic elegance, where history meets art on the Island of Capri

---

*Sitting more than 300 metres above sea level, Capri Palace Jumeirah embodies the Italian Dolce Vita long associated with this exclusive island in the Gulf of Naples. The authentic and unspoilt village of Anacapri sets an impressive stage for the fresh and atmospheric hotel.*

*The air is fragrant with the scent of the sea, which is visible from all vantage points, a rare treat on these shores. Created to the boundless vision of founder Tonino Cacace, this property represents the authentic Capri style.*

*Framed by arches, vaults and columns, the building is reminiscent of an 18th century Neapolitan palazzo.*

*Light and airy interiors bring life to ancient roots in stylish rooms and art-themed suites lined with tributes to the works of Mirò, Magritte and Warhol, and each accommodation offers a thoroughly distinct ambiance. The reverence for contemporary art continues in The White Museum, which houses pieces by De Chirico, Keith Haring, and Pomodoro, amongst others.*

*Capri Palace Jumeirah imparts the utmost serenity, where the spirit is soothed and energised. Surrounded by nature and the picturesque streets of Anacapri, and defined by pure luxuriant hub luxuriant hub invites to explore the original essence of Capri. Every moment is sensational.*
